OFFER LETTER

Date: 22-08-2026

To: Rashmi Ranjan Sahoo

Subject: Offer of Internship – Machine Learning Intern

Dear **Rashmi Ranjan Sahoo**,

We are pleased to offer you an internship opportunity with **LearnDepth Academy LLP**, under the brand **Learn Depth**, for the position of **Machine Learning Intern**.

Based on your application and the information provided by you during the selection process, we believe that your interest and potential align well with the objectives of our Machine Learning Internship Program.

1. Internship Details

Position: Machine Learning Intern
Organization: LearnDepth Academy LLP (Learn Depth)
Duration: 6 Weeks
Mode: Remote
Work Format: Online / Part-Time
Nature: Training + Mentorship + Practical Projects
Stipend: Unpaid

Your internship will commence on **23th August 2026** and conclude on **3 October 2026**

subject to successful completion of the program requirements.

2. Internship Program

During the internship, you will participate in a structured, hands-on Machine Learning program designed to provide practical exposure to industry-relevant concepts and workflows.

The program may include:

- Machine Learning fundamentals and concepts
- Python and essential ML libraries
- Data preprocessing and exploratory data analysis
- Supervised and unsupervised learning
- Model development and evaluation
- Practical implementation of ML algorithms
- Real-world datasets and problem statements
- Machine Learning projects
- Model deployment and practical applications
- Industry-oriented mentorship and guidance

Learn Depth ACADEMY

You will also be expected to actively participate in assigned projects, assessments, discussions, and other program activities.

3. Responsibilities

As a Machine Learning Intern, you are expected to:

- Attend scheduled online sessions regularly.
- Actively participate in training and mentorship sessions.
- Complete assigned tasks, assessments, and projects within the specified timelines.
- Work collaboratively with fellow interns when required.
- Follow instructions and guidelines provided by the mentors and program team.
- Maintain professional conduct throughout the internship.
- Take responsibility for your assigned work and project deliverables.

4. Internship Benefits

Upon successful participation and completion of the internship requirements, you may be eligible to receive:

- **Certificate of Internship**
- **Letter of Recommendation (LoR), subject to performance**
- Hands-on experience with Machine Learning projects.
- Practical exposure to industry-oriented ML workflows.
- Mentorship from trainers and industry professionals.
- Project experience that can be added to your professional portfolio.
- Career and placement-oriented guidance.

Eligibility for certificates, recommendations, and other benefits will be based on your attendance, participation, performance, project completion, and overall conduct during the internship.

5. Compensation

This is an **unpaid internship opportunity**. No stipend or monetary compensation will be provided for participation in the program.

The primary objective of this internship is to provide candidates with **practical experience, mentorship, project exposure, and industry-oriented learning opportunities**.

6. Professional Conduct

You are expected to maintain professional behavior throughout the internship and respect the organization's policies, mentors, fellow interns, and other participants.

Any form of misconduct, plagiarism, unauthorized use of another person's work, harassment, misuse of company resources, or violation of program guidelines may result in termination of the internship.

7. Confidentiality & Project Work

During the internship, you may receive access to project-related information, resources, datasets, documentation, or other materials belonging to LearnDepth Academy LLP or its partners.

You agree not to disclose, distribute, reproduce, or misuse confidential information or project materials without prior authorization.

Any project work, code, documentation, or other deliverables created as part of assigned internship work shall be subject to the organization's project and intellectual-property policies.

8. Completion of Internship

Successful completion of the internship will depend on fulfilling the required attendance, assignments, project deliverables, assessments, and other program requirements communicated by the internship team.

LearnDepth Academy LLP reserves the right to discontinue the internship in case of prolonged absence, non-performance, misconduct, or violation of internship guidelines.

9. Acceptance

We are excited to welcome you to the **Learn Depth Machine Learning Internship Program** and hope this experience helps you develop practical skills, build meaningful projects, and take an important step toward your career in Machine Learning.

Please confirm your acceptance of this offer by completing the required onboarding process within the specified timeline.

We look forward to having you as part of **Learn Depth**. **Welcome**

aboard!

Sincerely,

Gagan K M
